Dear Mr. Collier:

I have just had your name given to me, and I am getting a check on all of the Colliers in America that I can get in touch with for the purpose of getting out a Collier Genealogy. In other words, I am after the descendants of Isaac Collier who came from England to America about 1650. Isaac was the son of Isaac of England who had a brother named John. John was a merchant in London, and John's father was named Robert, who lived at Stone, Staffordshire, and is buried at Stone, England. My son visited his grave two or three years ago while in Europe.

I would appreciate you giving me all the connections you can, provided you think you descended from the Colliers who came from England.

Yours very truly,
